

21. So beauty on the waters stood

Poem by Ben Jonson

Alfonso Ferrabosco II

5

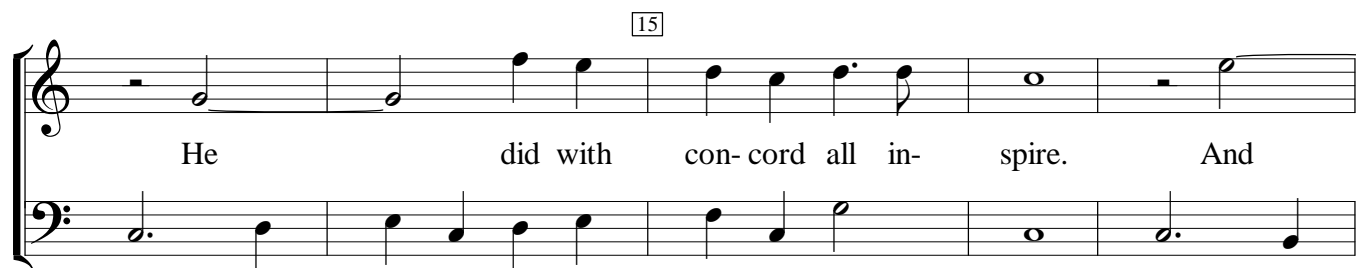

So beau-ty on the wa-ter stood, When Love had

10

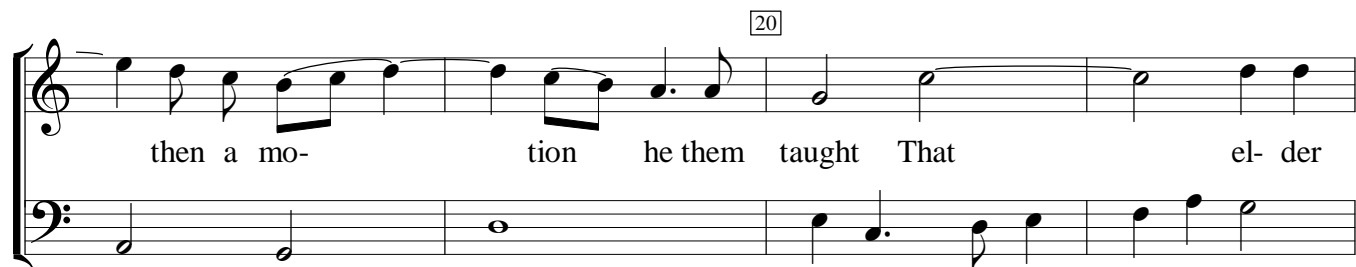

sev-er'd earth from flood. So when he part-ed earth from fire,

15

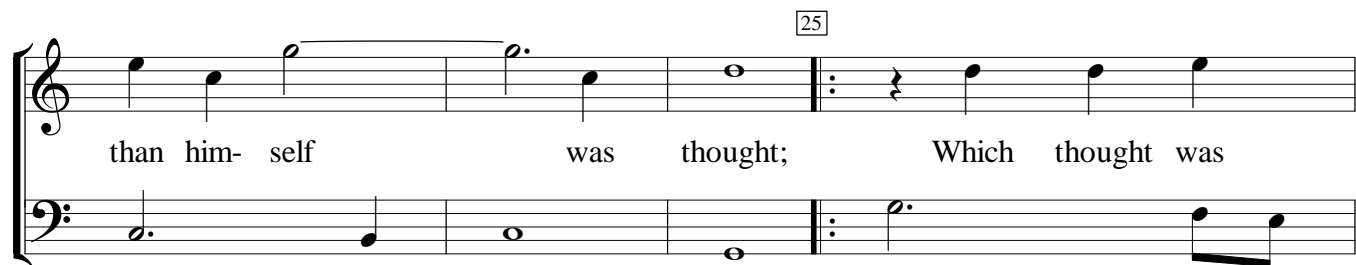

He did with con-cord all in-spire. And

20

then a mo-tion he them taught That el-der

25

than him-self was thought; Which thought was

yet the child of earth, For Love is el-der than his birth.
